ROYAL BERKSHIRE

SCHOLARS
ROW

Berkeley
Designed for life.

Set over 79 acres in an idyllic corner
of the Royal County of Berkshire,
Sunningdale Park is a country estate
re-imagined for 21st century living

When you first see Sunningdale Park, you will marvel at the stunning views over the expansive parkland with its open fields, woodland, walled garden and lake. Many of our homes are historic estate buildings that will be lovingly restored and sympathetically converted to reside in harmony alongside a range of new houses and apartments.

Meander amongst the meadow grassland and woodland trails with its abundance of wildlife. Admire the 500-year-old chestnut tree, one of almost 10,000 trees that populate the estate. Glimpse Northcote House, a neo-Georgian mansion, tucked in a quiet corner of the parkland as it peeks through the treetops.

All this beauty and tranquillity is on the very doorstep of homes built to Berkeley's exacting standards. Step into Sunningdale Park and see a special place where a spectacular landscape and the captivating history of a country estate form the backdrop for a new and thriving community.

Scholars Row

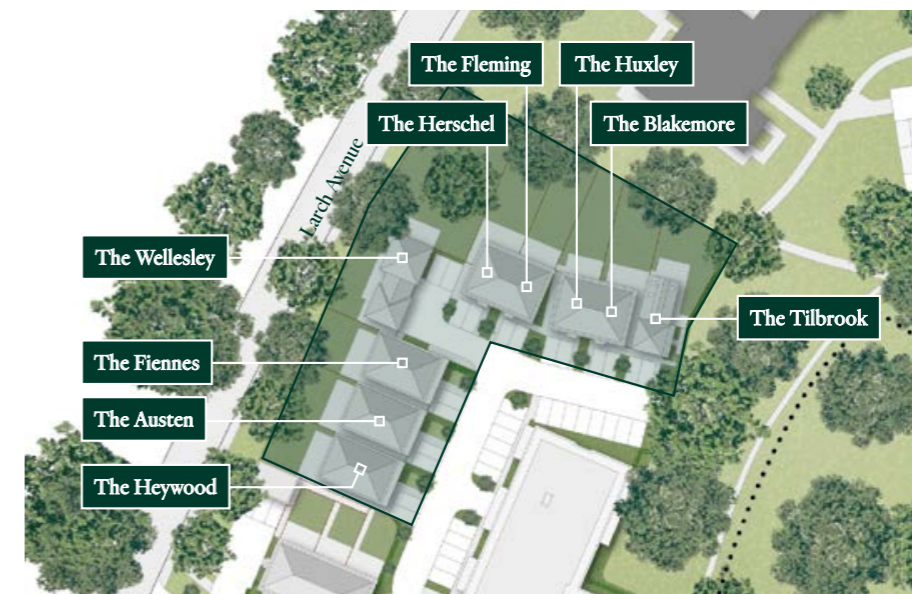

An evocation of the classical style

Enjoying a tranquil position along Larch Avenue and adjacent to the glorious 47-acre parkland, Scholars Row is a collection of nine beautiful homes offering a unique opportunity to experience the quintessential Sunningdale Park lifestyle.

In each home, three storeys of exquisite accommodation are carefully considered and rich in detail. You will be impressed from the first moment, as you step into the entrance hall and glimpse the inviting living spaces beyond. The kitchens, hand crafted by Charles Yorke, have timeless Shaker-style cabinetry and appliances of the highest calibre, while the bathrooms are a stunning blend of modernity and luxury.

Throughout, herringbone design flooring, ornate panelling and cornices, which complement the panelled doors, set the tone of traditional elegance.

Each Scholars Row home also has its own north or west facing garden, enabling you to enjoy outdoor life in privacy.

* Northcote House and Gardens are being undertaken by Audley Retirement Villages

A natural panorama

As the seasons change, the beauty of the surrounding parkland reveals itself, from spring and summer verdancy to the crisper hues of autumn and winter. A glorious landscape to explore, run, relax or walk the dog. Sunrise to sunset, this is a magical place to be.

True to tradition

The entrance of Sunningdale Park has been designed to continue the beautiful tree-lined approach from the existing Larch Avenue into a new boulevard, offering direct views into the parkland beyond. Scholars Row is positioned off this main route, with generous amounts of landscaping complementing the surroundings.

The architecture of the houses is rooted in the neo-classical style, featuring red and buff brick with contrasting brick and stone banding.

The resulting street scene is elegant, calming, and in complete harmony with its surroundings.
